Dear Dr. Rhodes:

This is in response to your letters of 16 May and 13 September 1978, and with reference to our letter of 9 June 1978. Please be advised that we have discussed your requests with [redacted] Coordinator for Academic Relations. For your information, he explains that the things for which you are asking simply do not exist in most cases, and, in others, could not be provided without considerable research and declassification effort which probably could not be justified. On the other hand, he suggests that, if you would please contact him, he would be prepared to discuss with you the materials you request in your points 1, 2, 4, 5 and 7, and possibly even 6. [redacted] can be reached at 703-351-7848. STATINTL

We believe the above arrangement will spare you considerable expenditure of time and money, and at the same time provide you with the kind of information you are seeking. Unless we hear from you to the contrary, we will assume that the above arrangements will satisfy your request.

STATINTL

Sincerely,

[redacted]  
Information and Privacy Coordinator

Acad. Coordinator

Dear Gentlemen:

Under the Freedom of Information Act I would greatly appreciate the following:

- This like a request for research.*
- 1) The names of CIA personnel who delivered academic papers at academic conferences in 1977, the names and dates of the conferences attended, and the titles of the papers delivered.
  - 2) The ethical and procedural rules under which the scholar in residence program was established, and present plans for the future of this program.
  - 3) The names and disciplines of the graduate students who have attended the summer intern program since its inception. The dates of their residence, their fields of study, their present addresses and the ethical, procedural and economic arrangements under which this program operates.  
*Research?*
  - 4) The ethical and procedural rules under which CIA personnel teaching in our colleges and universities operate.
  - 5) The ethical and procedural rules under which outside specialists advise and consult the CIA.
  - 6) The ethical and procedural rules under which the CIA operates its Military Economic Analysis Center, The names and affiliations of the panel of advisers and a list of its published (unclassified) studies.  
*Research?*
  - 7) Any other information that you feel would allow me to evaluate the implications of these programs for academic and educational freedom and autonomy.  
*Not specific enough.*

Thank you.

Sincerely,

*Robert I. Rhodes*
